Efficiently and securely process cash advances

Visa Mastercard Discover AMEX

Patrons get instant access to funds with credit/debit Cash Advance. Designed to make cash advances easy, cash advance transactions can be authorized at the kiosk and completed at the cage. Cash Advance's simple cashier interface speeds up the transaction completion process at the cage, reducing patron wait time and queues. Both Cash Advance and Check Cashing go through the Passport Connect application in the cage.

EFFICIENT TRANSACTION PROCESS

Minimal steps for cashier for quick transaction processing.

START AT THE KIOSK

Authorize the transaction at the kiosk and quickly complete the transaction at the cage.

INCREASE PATRON CONVENIENCE

Provide access to funds for patrons with simplified, instant cash access.

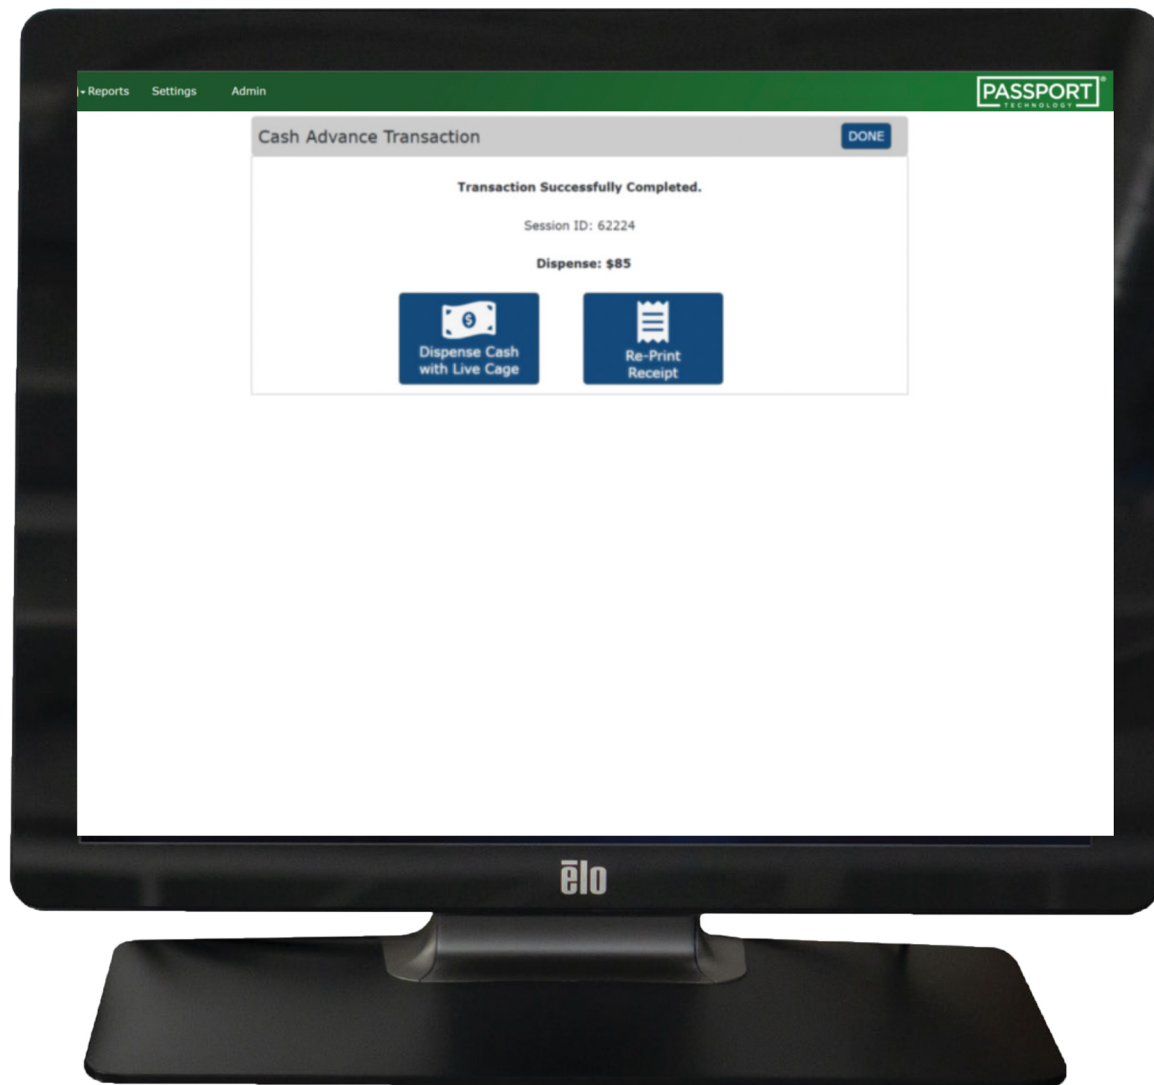

INCREASE PLAY TIME

Quick, simple access to cash increases patron playtime.

Biometrically secure self-service cash advance services

Patrons get instant access to funds with credit/debit Quick Advance. Designed to make cash advances easy, Quick Advance enables the entire cash advance process to be completed at the CashStream™ kiosk, eliminating the need to visit the cage. Quick Advance reduces patron wait time and queues at the cage with a self-service cash advance process.
